FRIDAY APRIL 21st 1944

NUMBER 48

Air Cadet Program And Dance

The Air Cadet Band Concert and Dance, held last Friday night in the Opera House was successful in every way and a nice sum was realized for the local Air Cadet Squadron.

The Macleod Air Force Band was present in force, and soon after 8 p.m. the Band Concert commenced and for about forty minutes the crowd was entertained with a splendid and varied program of marches, military numbers and overtures from this fine band, and mixed in with these, were instrumental solos, duets and quartettes and other variety numbers.

When this program was concluded Bingo was started and while the main hall was being cleared several games of bingo were called. Then an orchestra was chosen from the band personnel and the crowd enjoyed dancing until midnight, the bingo game going all the time, although the dance demanded the major interest of the crowd.

During the evening the draw was made for this lovely wine colored satin comforter and Lady Luck smiled on H. M. Wilbeck who won this prize.

The thanks of the committee were extended to the Macleod Band for their help and to the crowd present who helped make the evening such a success. Dr. Frank Hall was General Chairman of the evening's entertainment.

Bob Orgill Passes

R. S. "Bob" Orgill, long time resident of Raymond and known to all old-timers of the district passed away at his home in Salt Lake City Wednesday evening, April 19th, apparently from a heart attack.

His brother, I. S. Orgill, of Raymond was called by telephone immediately after Bob's death and made arrangements to leave immediately for the funeral. According to the telephone report, the deceased was sitting in his home talking with the family, when a heart attack seized him and he fell off the chair, and was dead almost immediately. The sympathy of the entire district is extended to Mrs. Orgill and the family in their sorrow.

Conference visitors on their return from Conference at Salt Lake City state that the spring is decidedly late in northern Utah and southern Idaho, and that lawns and grass look just about the same as ours here, usually they are two to three weeks ahead of us.

Quality Market Changes Hands

Last week-end, Ber. Nilsson, owner of the Quality Market meat and grocery store, operated by Ber. and Mrs. Nilsson for the past two years or more, was sold to Thos. Allan and Bill Fairbanks, employees of the Raymond Mercantile store. The deal included the stock, fixtures and building as is.

Ber. is centering all his interests in farming and the Garage business in Lethbridge and decided to let the store go. We understand that one or both of the boys at home, Jack and Keith, will move to the Rosemary district to take over land purchased there recently.

The new owners of the Quality Market are far from strangers to the Raymond and district. Thos. Allan has been a member of the Mercantile staff for a great many years, and for the past twelve or more has been Manager of the Fruit and Grocery Department. Bill Fairbanks has spent his entire time since school days in clerking, starting in the D. A. Bennett store fifteen years ago or more and going into the Mercantile where he has worked in the Grocery and Hardware Departments, and has been manager of the latter section for three or four years past. Read their ad elsewhere in this issue.

A total of \$839.25 was turned over to the Lethbridge Kingsmen Club for their Milk for Britain Fund. This amount was made from the Revue which was presented in the Opera House and sponsored by the local Lions Club.

Vice Pres. Mutt Ralph asked Karl Wilde to be in charge of the Soft Ball this summer.

The members enjoyed community singing under the leadership of Lion Tamer M. T. King.

The meeting closed by singing "God Save the King."

Johnny McLain had a minor operation on his arm the first of the week and was off work for a few days.

Victory Loan Rally Last Sunday Evening

The Capitol Theatre was filled to the doors Sunday evening for the Victory Loan Rally, held to inaugurate the Sixth Victory Loan which opens across Canada on Monday, April 24th, and the active canvassing period is for three weeks. The Dominion objective is one billion, two hundred million dollars, the biggest yet, and the Raymond unit total is \$140,000.

Opening the Rally the audience sang "O Canada" followed by two numbers from a Ladies Chorus directed by Mrs. Sara Low.

J. W. Evans, Vice-President of the local organization, and James H. Walker, M.L.A., Unit Organizer each spoke briefly, sounded when films were shown Mr. Evans asking the people to subscribe to the limit and to receive the canvassers with a good will when they called, rising to meet new demands and Mr. Walker spoke on the benefits from an investment of value of Victory Bonds and said those in charge.

Howard Melchin Leases Raymond Motors

Howard Melchin, who has been in the Grocery Department of the Mercantile for the past three years or so, has severed his connections with this firm and has leased the Raymond Motors from J. L. Melhew, who will devote his entire time now to his blacksmith business.

Howard took over on April 16th, and has been busy getting his help lined up, and re-arranging the equipment and machinery in the garage. He proposes to operate a complete repair service as far as repairs are obtainable, also servicing with gas, oil, tire repairs, greasing, washing and so on. Read his announcement elsewhere in this issue.

PUT VICTORY FIRST

Once more Canadians are asked to lend to the Government to aid in supplying the sinews of war for the defenders of freedom and democracy. Once again we are asked to avail ourselves of the best investment Canada has ever had to offer to her citizens, namely Victory Bonds.

The slogan "Put Victory First" selected for this sixth loan is very fitting and appropriate. An undercurrent is growing in some sections that now victory is assured, that there is little need of a concentrated effort on Victory Bonds, that the Allies will win anyway, and we may as well rest on our oars and take it easy. Canadians should realize that this is a very dangerous line of thinking and definitely should not be indulged in.

Reports in most sections of the world encircling battle-fronts are cheering, and progress of Allied armies for a number of months past has been according to plan. However, in some sections the Axis have

shown a determination not to be ousted. They are fighting with their backs to the wall, and are still far from being defeated either literally or in spirit. Cassino in Italy is one example. Imphal in India is another. Strategy masters, proud, boastful and arrogant, master minds of the Axis declare to their people that all retreats, even across the Crimea and into Bulgaria are according to plan. We declare it to be not, but Axis people believe it because they hear nothing else. Our disbelief in it does not weaken the enemy.

As this Victory Loan opens we should resolve to literally "Put Victory First." If we bought one hundred dollars worth of bonds before, we should buy two hundred this time if possible. If we have bought and then sold before, and we can do it, we should buy and hold our bonds. They are gilt edge security, they are a fine protection for the unexpected, they offer solidity to your financial standing, and they are always available when quick money is needed.

These considerations however are all lesser. The big thing is "Put Victory First." Many families in Canada already have empty chairs as the price of this war. When the next invasion front opens Canadians will be the spear head of the attack. Fellow Canadians, are we going to let the boys down who have already paid the price? Are we going to back down on the ones who are ready to offer their lives for our safety? First, last

and all the time we must and will "Put Victory First." If bonds after the war are not worth the paper they are printed on and we can keep Canada free, noble and a haven of democracy as she is today, we still have made the best investment that could be made. You may

be among the few who have no blood connection with those in active service, or you may be with the ones who today have not felt the bitter sting of communications saying "Missing in Action," "Killed in Action" or "Prisoner of War." But surely, fellow Canadian, you are not

going to let the blight of unpatriotism stain your character. Because that money would buy new furniture, new clothing or a new home, surely you are not going to leave any Allied soldier holding the bag because of a shortage of equipment, food or clothing.

Think well of these things. "Put Victory First" in mind and deed. You are already a heavy investor in Canada. If Canada is not kept free if the hand of dictatorship is allowed to rule here of what value will be the possessions you cherish so closely today? "Back the Attack!" "Put Victory First" and make sure you do your share to put the Sixth Victory Loan away over the top. A loyal Canada can do no less.

Howard Melchin was in Lethbridge Tuesday on business.

The Glenora girls of the 2nd Ward surprised Mrs. Bonnie Nalder at a houseparty at the J. H. Walker home Tuesday night. A most enjoyable evening was had by all and one of the girls said, "and believe me it was surely a surprise."

ADDRESSES ON THE MOVE...

MAIL TO REINFORCEMENT UNITS A CHALLENGE TO US ALL...

THIS is a war of movement. Never before have troops been moved such incredible distances, in so many theatres of war, so quickly. Night and day, thousands of men are in motion, by sea transport, motor truck and air... edging into enemy territory, shifting to keep the element of surprise. Did you ever stop to think what it means, under these trying conditions, to find your friend or relative, and put your letter into his hands?

Yet in spite of the tremendous task involved, tracing men who are moving from reinforcement units in England to group depots in Italy... or from one location to another... or through hospitalization or while on leave... in the face of every sort of war hazard... 31,500,000 letters in addition to parcels and other items, reached our men in 1943.

HORTICULTURAL VARIETY LIST FOR ALBERTA

Enquiries concerning the recommended or most suitable varieties of fruits, vegetables, trees and shrubs for various areas of Alberta, indicate that a large proportion of interested growers are in possession of the recently revised Provincial Department of Agriculture publication, entitled, "Recommended Horticultural Varieties and Zonation Map for Alberta." This publication presents in concise form much information on the above topics. The lists and recommendations were compiled by the Alberta Horticultural Advisory Committee and are based on the latest information available from Experimental Stations, other testing grounds and institutions in Alberta. The publication is available for distribution from the Provincial Department of Agriculture, the office of your local District Agriculturist, the Brooks Horticultural Station, and the Lethbridge Experimental Station.

In preparing these lists it was found necessary to divide the province into several climatic zones because some varieties could be considered suitable in limited areas only. Thus a map of the province is included in which seven areas are shown, numbered from south to north. To determine the varieties suitable to your district, locate yourself on the map and decide in which horticultural area you live. The suitability of each recommended variety of fruit or vegetable is clearly stated for each area where a record of its performance has been made.

The publication includes also directions for the planting of shelterbelts, planting distances of fruits, and a list of hardy trees and shrubs for ornamental and shelter-belt purposes.

It should be pointed out that in certain areas, selection of varieties of apples or crabapples resistant to fire-blight (a serious bacterial disease of apples and pears) is of major importance. Lethbridge and adjacent areas are, at present, the only ones reporting the prevalence of this disease in Alberta. Owing to the local nature of this problem resistance fire-blight

Give This Man a Warm Welcome

You may not regard the Victory Loan salesman as a salesman when he calls on you. He is a man from your community whom you likely know well . . . perhaps a neighbor. He may never have done any selling before.

He has taken on this work because he feels that it is an important war job that must be done.

As a matter of fact he is not trying to sell you anything. He will ask you to save money.

Farmers are doing an important war job, too . . . producing food. Most farmers have increased their incomes. They have money to save.

You plan to use this money, and the things you plan to use it for are necessary things.

The Victory Loan salesman will ask you to let your country have the use of your savings now by putting your money into Victory Bonds.

Our big job now is to win the war, and to win it as soon as we can. That's why every Canadian is asked to buy Victory Bonds. It's why each of us is asked to buy all we can. You can buy them with cash, which you have saved, and you can buy more bonds and pay for them as you earn money, over a period of six months.
